

# CHEMICO-BIOLOGICAL INTERACTIONS

## CONTENTS

### VOLUME 69 (1989)

#### Review Article

|   |     |
|---|-----|
| Effects of copper on mammalian cell components<br>by K. Agarwal, A. Sharma and G. Talukder (Calcutta, India) .....  | 1   |
| Suppression of experimental allergic encephalomyelitis in rats by mercuric chloride<br>by S. Levine and A. Saltzman (Valhalla, NY) .....  | 17  |
| Effect of the glutathione S-transferase inhibitor, tienilic acid, on biliary excretion of sulphobromophthalein<br>by S.I. Fehring and J.T. Ahokas (Melbourne, Australia) .....  | 23  |
| Metabolism of selectively methylated and deuterated analogs of 1,2-dibromo-3-chloropropane: role in organ toxicity and mutagenicity<br>by M. Låg, E.J. Söderlund, J.G. Omichinski, S.D. Nelson and E. Dybing (Oslo, Norway and Seattle, WA) ..... | 33  |
| The dependence of the mutagenicity of methanesulphonic acid esters in <i>S. typhimurium</i> TA100 on the alkylation mechanism<br>by E. Eder and W. Kütt (Wurzburg, F.R.G.) .....  | 45  |
| Studies on the mechanism of reduction of azo dye carcinogens by rat liver microsomal cytochrome P-450<br>by S. Zbaida, A.M. Stoddart and W.G. Levine (Bronx, NY) .....  | 61  |
| In vitro studies of the inhibition of protein kinase C from rat brain by di-(2-ethyl-hexyl)phthalate<br>by R.R. Shukla, P.W. Albrow, J.T. Corbett and J.L. Schroeder (Research Triangle Park, NC) .....   | 73  |
| Influence of $\beta$ -adrenoceptor blocking drugs on lipid-protein interaction in synaptosomal membranes. An ESR study<br>by K. Ondriaš, A. Staško, V. Marko and R. Nosál (Bratislava, Czechoslovakia) .....                                      | 87  |
| Announcements .....   | 99  |
| <br><i>Review Article</i>   |     |
| Oxidative stress and muscular dystrophy<br>by M.E. Murphy and J.P. Kehrer (Austin, TX) .....  | 101 |
| Microsomal metabolism of hexavalent chromium. Inhibitory effect of oxygen and involvement of cytochrome P-450<br>by A. Mikalsen, J. Alexander and D. Ryberg (Oslo, Norway) .....  | 175 |
| Effects of neonatal monosodium-glutamate treatment on rat alveolar macrophages<br>by W.K. Liu, C.C. Wong and N.K. Mak (Hong Kong) .....   | 193 |
| Formation and persistence of benzo[a]pyrene-diol epoxide-DNA adducts in liver of English sole ( <i>Parophrys vetulus</i> )<br>by U. Varanasi, W.L. Reichert, B.-T. Le Eberhart and J.E. Stein (Seattle, WA) .....                                 | 203 |
| Glutathione and lipid peroxide levels in rat liver following administration of methapyriline and analogs<br>by L. Hernandez and W. Lijinsky (Frederick, MD) .....   | 217 |
| Kinetic study of the interaction of glutathione with four antitumor disulfides: possible mechanism for cellular glutathione depletion<br>by D. Lynn Kirkpatrick (Regina, Canada) .....  | 225 |

|  |     |
|--|-----|
| Electrochemistry of cyclic $\alpha$ -imino carboxylates and their metal complexes: correlation with physiological activity<br>by P. Kovacic, W.J. Popp, J.W. Timberlake and M.D. Ryan (Milwaukee, WI) .....  | 235 |
| Metabolism of benzo[a]pyrene and 7 $\beta$ ,8 $\alpha$ -dihydroxy-9 $\alpha$ ,10 $\alpha$ -epoxy-7,8,9,10-tetrahydrobenzo[a]pyrene in lung and liver of newborn mice<br>by A.A. Melikian, K. Bagheri, S.S. Hecht and D. Hoffmann (Valhall, NY) .....                   | 245 |
| Influence of vitamin A status and DDT on vitamin A-dependent protein mannosylation in rat liver<br>by V. Azais-Braesco, G. Pascal, J.-P. Mareschi, Y. Fayet, A. Degiuli, R. Letoublon, R. Got and J. Frot-Coutaz (Jouy-en-Josas, Paris and Villeurbanne, France) ..... | 259 |
| Methyl linoleate ozonide as a substrate for rat glutathione S-transferases: reaction pathway and isoenzyme selectivity<br>by R.M.E. Vos, I.M.C.M. Rietjens, L.H. Stevens and P.J. van Bladeren (Wageningen, The Netherlands) .....                                     | 269 |
| Cytotoxicity of zinc in vitro<br>by J. Borovanský and P.A. Riley (London, U.K.) .....  | 279 |
| <i>Review Article</i>  |     |
| Free radicals in anticancer drug pharmacology<br>by B.K. Sinha (Bethesda, MD) .....  | 293 |
| Metallothionein induction in mouse tissues by <i>cis</i> -dichlorodiammineplatinum(II) and its hydrolysis products<br>by P.G. Farnworth, B.L. Hillcoat and I.A.G. Roos (Melbourne, Australia) .....  | 319 |
| The in vitro metabolites of 2,4,6-trichlorophenol and their DNA strand breaking properties<br>by U. Juhl, K. Blum and I. Witte (Oldenburg, F.R.G.) .....   | 333 |
| Manganese catalyzed auto-oxidation of dopamine to 6-hydroxydopamine in vitro<br>by C.D. Garner and J.P. Nachtman (Warren and Detroit, MI) .....  | 345 |
| Development of a murine gastric distension model for testing the emetic potential of new drugs and efficacy of antiemetics<br>by I.N. Olver, I.A.G. Roos, K. Thomas and B.L. Hillcoat (Melbourne, Australia) .....   | 353 |
| Isolation of methylcarbamoyl-adducts of adenine and cytosine following in vitro reaction of methyl isocyanate with calf thymus DNA<br>by A. Segal, J.J. Solomon and F. Li (New York, NY) .....   | 359 |
| Age-related induction and disappearance of carcinogen-DNA-adducts in livers of rats exposed to low levels of 2-acetylaminofluorene<br>by E. Mullaart, M.E.T.I. Boerrigter, P.H.M. Lohman and J. Vijg (Rijswijk, The Netherlands) .....                                 | 373 |
| Subject Index Volume 69 (1989) .....   | 385 |
| Author Index Volume 69 (1989) .....  | 389 |
| Contents Volume 69 (1989) .....  | 391 |
